June 5, 2008

Chairman Kevin J. Martin
Federal Communications Commission
445 112th Street SW
Washington, DC 20554

Dear Chairman Martin:

This letter is to commend Philadelphia radio station WPHT-AM, The Big Talker 1210, for the terrific charitable work this group does throughout this community and in the Delaware Valley.

Over the past four years, the management and staff of WPHT-AM have extended themselves unflinchingly to assist the National Foundation for Celiac Awareness (NFCA) as we work to achieve our most significant goal: to *restore health and reclaim lives*.

Each year, WPHT-AM has donated interesting and exciting auction items for our annual event that have intrigued the public and brought interest to our program. Through these gifts, WPHT-AM has assisted NFCA in raising awareness of celiac disease and the work our organization is doing. Equally importantly, they have helped us raise the funds that will support our mission -- gaining a prompt and correct diagnosis for the 3 million Americans who suffer with celiac disease.

WPHT-AM has been a staunch supporter of NFCA and of worthy causes in our community. All of us at NFCA and those we serve are eternally grateful.

Best regards,

Alice Bast
